AIRCRAFT MAINTENANCE

Skyservice™ is a leader in aircraft maintenance services with over 35 years of experience maintaining a wide variety of private, business and commercial aircraft. Operating as the aircraft maintenance facility of choice for many of the world's leading corporations, commercial airlines and private owners, Skyservice operates 24/7 out of our state-of-the-art facilities, providing best-in-class technical services and solutions. Our knowledgeable team of trained technicians provides timely, systematic and comprehensive maintenance services. Qualified and equipped to perform maintenance on hundreds of aircraft types, our strict quality control and approved maintenance procedures ensure that our customers receive the results they demand in the timeframe that they expect.

SKYSERVICE IS APPROVED OR RECOGNIZED AS AN AIRCRAFT MAINTENANCE ORGANIZATION BY LEADING OVERSIGHT AGENCIES, INCLUDING:

- Transport Canada
- U.S. Federal Aviation Administration
- Bermuda Department of Civil Aviation
- Hong Kong Civil Aviation Department
- Civil Aviation Authority of Singapore
- European Aviation Safety Agency

AS PART OF A COMPREHENSIVE MAINTENANCE SERVICE OFFERING, SKYSERVICE ALSO PROVIDES:

Avionics Services

Since 1986, Skyservice offers avionics maintenance within our service facilities. We routinely provide the installation of: ADS-B, TCAS, Satcom, IFE, NAV/COM/GPS, CPDLC/FANS, FMS, HF/Selcal, heads-up guidance, weather radar, CVR/FCR, STCs, SBs/ADs. In addition, we are certified to overhaul NiCad and lead acid batteries, emergency power supply (EPS) and lighting pack systems, and laser wire marking for harness assembly, repairs, overhaul and recertification.

Non-Destructive Testing (NDT)

Skyservice has Level 3 NDT capability, which is the highest and most sophisticated level of NDT service in the industry. We specialize in:

- Liquid penetrant inspection
- Magnetic particle inspection
- Eddy current crack/corrosion inspection
- Ultrasonic crack/thickness inspection
- Bond test inspections
- Radiographic inspection

Paint & Interiors

Through valued partners, we offer exterior paint and interior refurbishment services at select locations.

Wheel Shop Services

Skyservice offers full-service wheel shop services with the capabilities to rebuild or completely overhaul any brand of wheels on all types of aircraft at select locations.

Mobile Repair/Aircraft on the Ground (AOG) Services

Skyservice provides unscheduled or emergency maintenance to support clients' aircraft 24/7. Our technicians are dispatched throughout the world to rapidly attend to clients' needs. Specializing in Bombardier and Embraer products, Skyservice offers on-site FSR and mentoring for new operators, as well as complete maintenance services for out-of-service aircraft in remote locations.
